c. Planning/Zoning

Trustee Ruth mentioned about plastic pipes for water services as discussed in the ILM magazine, we need to watch if this plays out downstate.

Public Safety

Trustee Reid reported the Village had some email issues which are now resolved, Nixle is no cost to us, the Chief is ready to test this we need to develop procedures and have the sergeants update and post on there.

Trustee Reid mentioned there was a fatal fire in town but unfortunately the woman passed, but commended the Fire, Police and Public Works on a fine job well done.

e. Public Works

No report

f. Village Services

Trustee Kraus mentioned she received from Pace Bus an emergency contact number that she will share with the Fire Department and Police Department.

Waste Management contract will expire this June.

She suggested extending the contract one more year, the board was fine with that.

g. Field & Trails

No report

New Business

Trustee Brust asked if any updates for the website can go directly to whom? Village President Magnussen responded by giving it to the Village Clerk who will send it off to the proper person.

President Magnussen reported that Governor Rauner is cutting his budget and one thing he is looking at is reducing the state share the Village receives \$99 per population which would be the Hampshire \$600,000 but now he wants to cut that in half which will give us \$300,00 it will definitely put a big burden on the Village as to providing services to the residents in town. We urge each citizen to contact their State Senator and State Representative and let them know you oppose cutting the Local Government Distribution Fund in half.

Village president Magnussen reported he will be meeting with Mr. Weirec this Friday.

No. 15 -

A RESOLUTION MODIFYING THE TRANSITION FEES TO BE PAID BY AND COLLECTED FROM APPLICANTS FOR ANY DEVELOPMENT WHICH INCLUDES RESIDENTIAL DWELLING UNITS IN THE VILLAGE

WHEREAS, the Corporate Authorities have previously established a policy for the collection of certain transition fees for the purpose of obtaining funds to cover the lag period between initial occupancy of a new residential dwelling unit in the Village and receipt of real estate tax revenues based on the full equalized assessed valuation of the occupied property for various governmental purposes, in order to provide municipal and other local governmental services to the occupants of such dwelling units during said lag period; and

WHEREAS, in accordance with Village policy, the annual increase in transition fees shall apply to any development plan then pending and which has not as of January 1 of each year obtained Final Plat approval from the Board of Trustees in accordance with the procedures identified in Chapter 7: Subdivision Regulations, of the Village Code, and also shall apply according to the terms and provisions of any applicable agreement for annexation or development of territory in or to be added to the Village; and

AGENDA SUPPLEMENT

TO:

President Magnussen and Village Board

FROM:

Lori Lyons, Finance Director

FOR:

March 5, 2015 Village Board Meeting

RE:

Business Case – Bond Refunding

Executive Summary: The Village proposes to refund the General Obligation Bonds (ARS) of 2009A. The par amount of issue will be \$1,345,000.00. The bonds will be repaid from the tax collections of the Central Redevelopment Area Project TIF and other funds as required. While rates will vary, it is estimated that refunding will resulting in savings of between approximately \$100,000 over the thirteen years; the maturity will be December 15, 2028.

Situation Assessment and Cost-Benefit Analysis: The Village issued bonds in the amount of \$1,400,000 on May 15, 2009. The issue has a stated interest rate of 5.25% and calls for annual interest payments on June 15 and December 15 and principal retirements each December 15. Bond rates are favorable for an advance refunding of the outstanding bonds. The refunding would not change the final maturity of December 15, 2028.

The costs of financing will include the services of a municipal advisor and bond counsel and possibly associated ancillary services Village's attorney for this matter. The Village has an existing agreement with Speer Financial to assist in the structuring and issuance of the bonds through this proposed negotiated sale. Speer will represent the Village in the sale of bonds. Speer has the necessary expertise to assist the Village in determining the best type of financing, will select the other finance professionals, plan the bond sale and successful sell and close the bonds. Speer will assist with the selection of bond counsel who will render an opinion on the validity of the bond offering, the security and to what extent the interest on the bonds is exempt from income or other taxation. The opinion will provide assurance to both the Village and the investors that all legal and tax requirements related to the issuance are met. Speer's fee will be \$5,000 plus ¼ of 1% of the issued amount in excess of \$1,000,000 plus out of pocket expenses. The bond attorney's fee will be \$12,275 plus out of pocket expenses. If no financing is ever completed a reduced statement would be rendered which detailing the charges incurred. Both the bond counsel and the municipal advisor's invoices will be presented for payment at the time of the delivery of the bonds to be paid for from the proceeds of the bonds.

It is estimated that the refunding will result in present value savings of approximately \$100,000 based on the current rates.

The following is updated financial information provided by Speer:

All dates are approximate.

Critical Assumptions and Risk Assessment:

S	Strengths	W	Weaknesses
	Growth potential		Potential significant reduction of LGDF revenue source lowering repayment
	The Village has the financial strength to refund at this time		capacity
	S&P Rating is sufficient to proceed with refunding		Limited ability to minimize cost
	Potential for expansion of revenue sources & fee increases		

O

Opportunities

Bond rates have lowered since the time of the original issuance

Negotiated sale to assure favorable savings

1

Threats

Interest rates continue to rise making refunding less beneficial

Confidence in repayment capacity is negatively affected by the LGDF grab

If the Village isn't success in securing refunding at a sufficent rate and must pay advisor and bond counsel

Conclusions and Recommendations: Bond rates have decreased since the General Obligation (ARS) Bonds of 2009A were issued. Refunding the bond will save the Village approximately \$100,000 in interest payments. In light of the financial ramifications proposed by Governor Rauner, it would be to the benefit to the Village of Hampshire and its residents to refund the bonds. It is recommended that the Village board authorize the refunding and be prepared to approved a bond ordinance being prepared for March 19, 2015.

RESOLUTION URGING THE GOVERNOR AND GENERAL ASSEMBLY TO PROTECT FULL FUNDING OF LOCAL GOVERNMENT DISTRIBUTIVE FUND REVENUES

WHEREAS, municipalities are front-line providers of government services to citizens and these services include police and fire protection, parks, infrastructure, water, sewer and utility services, and snow removal; and

WHEREAS the State of Illinois has a long-standing tradition of collecting tax revenues on behalf of municipal governments and municipalities have relied on shared income tax revenue to provide services to taxpayers; and

WHEREAS, municipalities have fewer options to raise significant revenue and rely on the full amount of revenue that the State collects on their behalf in order to fund the essential quality-of-life services expected and relied upon by community residents; and

WHEREAS, the General Assembly increased the State income tax without providing any of the new revenues to municipalities and this loss of revenue has left the municipal share at levels collected during the Great Recession; and

WHEREAS, the Governor proposed a 50 percent reduction in the local share of the income tax during his FY2016 Budget Address, reducing local revenues by over \$600 million; and

WHEREAS, the loss of this state-shared income tax revenue would result in elimination of countless jobs, local tax increases, program and service cuts, and could increase debt burdens that would be felt by all citizens.

WHEREAS, the Village of Hampshire would lose (AMOUNT = \$99 X POPULATION DIVIDED BY 2); and

NOW, THEREFORE, BE IT RESOLVED that the Village of Hampshire urges the Governor and the General Assembly to protect full funding of the Local Government Distributive Fund and other revenue sources that allow local governments to provide for the health, safety and general welfare of their residents.
